## CALL FOR PAPERS

After the success of the IEEE WIE International Leadership Summit'18, which took place in Marrakech, the IEEE Morocco WIE affinity group is glad to announce the tenure of the 2<sup>nd</sup> IEEE WIE International Symposium which will be held alongside the 6th IEEE CiSt Congress <http://www.ieee.ma/cist20> on December 15 - 17 2020 in Agadir, Morocco.

The main objective of the symposium is to provide an exclusive platform for female researchers, professionals and innovators to connect, learn from each other, share their knowledge and create an inclusive community that commonly innovates to the benefit of the society, and equally promote the sense of collaboration and leadership.

### Topics and Submission

We solicit submission of original projects and ideas describing significant developments from female researchers and professionals in any field involving ICT and technology, as well as showcases reporting ongoing research or projects achieving significant contributions like prototypes, products, services or applications.

We encourage submissions of research in various application domains with specific attention given to e-health, e-learning, e-government, e-media, Natural Language Processing, digital transformation, and crisis management. Prospective female authors should submit, by using the [EDAS online paper submission platform](#), a paper up to 6 pages using the [IEEE Manuscript template](#).

### Publication

Accepted contributions will be published in the CiSt'20 Congress proceeding and submitted for indexing to IEEE Xplore Library, Scopus and DBLP. Furthermore, Authors of high-quality papers will be invited to submit an extended version of their work for publication in a special issue/section of an international journal.
